President's Message

My computer that I usually do the president's message on disconnected itself from the internet. I can't figure out how to get it back. It no longer recognizes the wireless device connected to it. It also will not connect to the internet when connected with a cable. This all occurred after I ran a deep scan Malware program. It must have deleted a program I needed. Any of you tech guys have any idea's?

Four of us went to the Chippewa Valley Corvette car show. The car count seemed a little lower this year. But it was a nice day. I drove my 1966, which was the longest road trip it's been on since I've owned it. Car ran good, no problems. Hopefully the June Dairy Day Parade went well. Hopefully it was well attended.

The club road rally is this Sunday June 8th starting at 10:00 am at Brenengen Chevrolet. The rally will end at Features across the street. I will be driving back from Corvette Adventures that day but I should be back for scoring at Features.

If anyone is interested in being a judge at the Pride and Polish event at River States Truck and Trailer contact Linda Meaux by June 11 th. Tom Stibbe and I have signed up.
