President's Message

Hello RCC Members,

Spring cannot arrive quickly enough and melt away the mountains of snow we all have in our streets and yards. If someone would have told us we would have this much snow on the ground, ice dams on our eves and buried mailboxes we would have told them it is not possible with "Global Warming!" But as we have experienced the world is getting warmer and the weather more unpredictable and violent. All we know for sure is the snow will melt eventually and we will be driving our Corvettes soon.

If you were thinking of purchasing a new Corvette I read recently the dealership are all loaded with unsold 2019s for two reasons. First the dealerships are not slowing their purchases of current corvettes because they want to qualify for one of the new mid-engine models when they are ready. Second the 2020 models will have a significant price increase which could drive sells down. So if you want a new 2019 there are plenty to choose from. Good Luck!

Please remember the next RCC is March 31st at Schmidty's not the normal March 24rd.

See you on the 31st,

Ron Callender
RCC President
