Governor's Report - August 2010

River City Rally is almost here!

We have 3 pre-registered couples and lots of interested parties. I think we have a good crew to work the event, and I am confident all will have an interesting day. I appreciate all who are pitching in to make this and the Car Show we had recently a success. We will build on our success by working smart and encouraging others to join our club. As good as our events are, we need each you to be an ambassador for the club and encourage other

Corvette people to come out and join. Del worked on me for years, and I am glad he was so persistent.

As we learned at the Burnsville Rally, this is a fun way to get Corvette owners to come out with their cars and compete without damaging their pride and joy. This is a contest of thought, observation and patience. We are trying to make it interesting without being too difficult. We chose some beautiful winding roads through the scenic bluff country. Even though it's a Rain or Shine event, hope for Shine since it would be a great ride to take with the roof off or the top down at a pace you can take in the wonderful area we live.

I also plan on creating a travelling award for the club for those in the club who win this event. Anyone can win. You don't have to be expert to win!!

Don't forget...we have a Midwest National Convention next year, and we should participate in this National Event. We need your participation to be successful, and that means all you need to do is get in your car and come out and play. Let's go out and play!

Respectfully,
Charlie Britten
Governor
River City Corvettes
